Our HISTORY

One Dollar Only began in the 90s as a humble specialist in custom-made gifts for schools and students - and was among the first in Singapore to design bespoke gifts for events like National Day and Children's Day. Many students still fondly remember receiving our gifts-simple tokens that became cherished mementos and lasting reminders of their school days.

Over the last 30 years, we've grown into one of Singapore's leading custom and corporate gift specialists, offering more than 5,000 products and serving clients across industries from government and hospitality to corporate institutions. While we've expanded to meet diverse industry needs, we remain true to our roots of great quality at no frills prices.

Looking ahead, we want to do more as a company. That's why we are adopting sustainability and championing eco-friendly gifts, aiming to create a positive impact in the market and empower our clients to make responsible and conscious choices.
